

Technical Officer (Building and Services)

Your new company

Ports North is responsible for the development and management of port facilities vital to the economic growth of Cairns and regional centres in Far North Queensland. The Corporation has extensive strategic land holdings and commercial assets across its ports.

Your new role

Reporting to the General Manager Planning and Infrastructure you will plan, coordinate, and supervise the maintenance, contracts and other works within scope, time, cost, quality and procurement requirements, to ensure buildings and services operate safely and effectively with minimal disruption to customers and stakeholders.

What you'll need to succeed

You will be trade qualified with demonstrated knowledge of industry standards and regulations relating to buildings and services maintenance. Experience in supervising contractors, preparing contract and scope of works documentation together with well-developed communication and computer skills are essential.

What you'll get in return

This is a rare opportunity to work with a key employer in the Far North region that boasts strong staff retention and stability. A favourable salary package commensurate with experience is on offer.

Further information on the role is available by contacting Kerry Egerton on 07 40523888 or by visiting www.portsnorth.com.au/employment/employment

Applications close 21 August 2017 and can be sent to recruitment@portsnorth.com.au
